

## Oxford Guide to Effective Argument and Critical Thinking

Filesize: 9.28 MB

### Reviews

*This publication will never be straightforward to get going on looking at but really fun to see. This can be for all those who statte that there had not been a worth looking at. You wont really feel monotony at at any moment of your own time (that's what catalogs are for about should you request me).*

Oxford University Press. Paperback. Book Condition: new. BRAND NEW, Oxford Guide to Effective Argument and Critical Thinking, Colin Swatridge, How do you approach an essay or discussion question? How do you review what claims others have made and offer counter-claims? And how do you weigh up the strengths and weaknesses of your own argument before putting together a persuasive conclusion? This accessible book takes you step by step through the art of argument, from thinking about what to write and how you might write it, to how you may strengthen your claims, and how to come to a strong conclusion. Engagingly written and featuring useful summaries at the end of each chapter, this new book offers easily transferable practical advice on assessing the arguments of others and putting forward effective arguments of your own. The book's strength lies in its clear guidance and the use of real-life arguments - both contemporary and historical - and real-life essay questions from a variety of disciplines across the humanities and social sciences. These interesting, relevant, and often entertaining, examples are used not to illustrate, but to make essential points about what can be learnt, what techniques can be borrowed, and what pitfalls to avoid in the area of analytical thinking and writing. The Oxford Guide to Effective Argument and Critical Thinking is sure to improve the written work of any student required to demonstrate the key skills of critical writing and thinking. It is equally as valuable for professionals needing these skills (e.g. journalists, lawyers, researchers, politicians) as well as for anyone who has a case to put forward and would like to do so convincingly.
