By Robert Thomas De Vincentis

Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 279 x 216 mm.

Language: English . Brand New Book ***** Print on Demand

*****. This is a history book by author Robert Thomas De Vincentis on the sciences of this world and includes America the Beautiful, which offers hyper-extended knowledge to the reader through Aftermath Science. This book of historical origins concerns 4 subjects; Science Nature Man God. It explains these subject starting from the foundations of the world and then leading to the present times in America. This book is not science theory, but rather a true traceable history of events coming down through the centuries on these four subjects. The book explains and details the 4 subjects, which includes their involvement by man on earth and God in the heavens. Further showing how and why everything came into being by a miraculous creation. Where the Creator is mentioned in the U.S. Constitution and was actually part of public education and government. Which was further confirmed by the actions of our founding fathers who laid hands on the Bible and swore oaths to God in the three branches of government. The author also takes on modern science and...

Reviews

A must buy book if you need to adding benefit. It is actually writter in basic phrases and never difficult to understand. I found out this book from my dad and i advised this publication to find out.

Here is the finest publication we have read right up until now. It is actually writter in easy words instead of difficult to understand. Its been written in an remarkably easy way in fact it is only right after i finished reading this book in which basically changed me, modify the way i really believe.
