Have you ever had the embarrassing experience of encountering a famous space explorer on a lost planet or perhaps being interrogated by a super villain in his or her secret orbital lair and not realizing that it's their birthday? We've all had this happen.you're traveling through time and stop for a cocktail. Only later do you realize that if you'd traveled one day farther in either direction you would have been present at an amazing discovery or, more important, missed a really horrible disaster. Awkward! With Captain Z-Ro's Indispensable Book of Days, you no longer need to guess whether the radium your time machine requires for fuel has been discovered yet, or if you still have a couple more days to enjoy beautiful Krypton. From Captain Z-Ro, celebrated explorer of time and space, comes this handy pocket guide to orienting oneself in the space-time continuum. The day book's easy-to-use calendar lists the birthdays of many of the most important scientists, artists, writers, directors, actors, cosmic explorers, super heroes, and monsters. (You REALLY don't want to forget Godzilla's birthday!) There's also room by each day to write your own notes so you don't forget that clandestine meeting, fatal deadline, or critical warp drive parts shopping list. Know the dates of inexplicable events, planetary cataclysms, fantastic discoveries, and alien invasions -- Captain Z-Ro's Indispensable Parallel Universe Book of Days is invaluable for successful cross-time real-estate and stock investment, or just knowing when it's time to warm up your art-deco void cruiser and get the hell out before that Vogon constructor fleet...
