That part of the course dealing with valve gears has been made more complete than other sections because our experience shows that operating engineers usually do not understand the valve gear mechanism of their engines as well as they do other parts. Most of the material in the chapter on Lubrication was furnished by Mr. R. P. Tobin, Chief of the Technical Department of the Vacuum Oil Company and we take this opportunity to express our thanks for his aid. We wish to take this opportunity also to thank Mr. J. C. White, Chief Operating Engineer for the State of Wisconsin for very valuable suggestions as to the scope of the course and the outline to be followed, also for many useful...
