Excerpt: . . . 5 and the level of maintenance required to ensure they remain functional and viable working environments for the Congress. This process uses several tools in the formulation of the project prioritization list, including facility condition assessments, the Capitol Complex Master Plan and its jurisdiction plans. Over the past year, this process has matured to include a 5-year capital improvements plan which examines phasing opportunities, project sequencing and other factors to best facilitate the timing and execution of major deferred maintenance and capital renewal projects. Tied into this overall planning process is the line item construction process, and during this process projects are scored against six criteria. These include safety and regulatory compliance, security, mission, historic preservation, economics, and energy efficiency and environmental quality. The component that provides us and the Congress with the big picture, the 20-year look ahead to cue up the priorities investments and projects, is the Capitol Complex...

Reviews

The best publication I actually study. I actually have study and so I am confident that I am going to likely to study once more yet again later on. You will not sense monotony at any moment of your respective time (that's what catalogs are for relating to if you ask me).

-- Ernest Bergnaum

Complete guide! Its such a good go through. It is really fascinating through reading period of time. Its been written in an extremely basic way and is particularly only after I finished reading through this publication through which really changed me, change the way I really believe.

-- Mrs. Macy Stehr
