Brand New Book ***** Print on Demand *****.Written over 100 years ago, "The Science of Getting Rich" by Wallace D. Wattles has impacted the lives of millions of people, both directly and indirectly. From master thinker Bob Proctor, whose coaching programs show people how to create the lives they really want, to film producer Rhonda Byrne, whose runaway hit movie "The Secret" has introduced millions of people to one of the most powerful natural laws of the universe, namely the Law of Attraction. All have been influenced by Wattles timeless classic book. Now, "The Science of Getting Rich for Women" is here to bring these teachings into the 21st century and to address them specifically to women. Brainchild of Nicola Lennon, who is known for her work as a builder of bridges in the field of international fiction, this version of the book will help bridge the wealth gap between women and men that has existed for centuries.
