Readers Journal is a Diary For Book Lovers and is the perfect journal for keeping a history of the books you have read and want to read all in one place. This readers journal will be a pleasure to fill out with a great reading quote on each page and separate sections for recording a plethora of information about the books you have read. There are categories for over 100 individual books with room for recording the Book Title, Author, Genre, Publisher, Date Published, Date you started to read the book, Date you finished the book, how you found out about the book, the number of pages and lots more. There is also a 5 star system for you to rate how good you thought the book was as well as prompts for writing about your most memorable paragraph and quotes, what you have learned by reading the book and a notes section too. At the back of the book is a book management section for you to record information about the books you have borrowed and loaned and also some blank pages for you to keep additional information about your books. Measuring 6 x 9 it is a good portable size for carrying with you when you go to the bookstore so you can cross reference and ensure you don't buy duplicate books. With an ID section at the front so you never lose it, this is a complete all-in-one reading resource, it would also make a great gift for book lovers who would benefit from keeping track of all their literary conquests.
